

COMPRAX ISO 150

Description : A high performance oil conceived for the lubrication of air compressors with piston, screw or pallets functioning under severe operating conditions, formulated starting from specific basic oils and of rigorously selected additives.

Application : Conceived for the compressors of industrial and/or mobile use (inbye compressor).

Specifications :

- DIN : VDL

Properties :

- High thermal stability.
- Good resistance against wear and oxydation.
- Good separation of water.
- Weak foam formation.

Typical Analyses :

Density at 15°C	0,885	Color	L 3.5
Viscosity at 100°C	15,2 cSt	Viscosity at 40°C	150 cSt
Viscosity index	Min. 95	Flash point	225°C
		Pour point	-9 °C

These values are given as an indication, it acts of average values.
